A Message From Our Founder and CEO

Dear Friends and Partners,

Israel is facing a defining moment through Operation Rising Lion. This period calls on us not only to respond with strength, but to think about the future we are determined to build.

At Rimon Farms, our guiding principle remains unchanged: the people we serve come first. We are continuing to support the communities who rely on us, ensuring they receive stability, structure, and care during this time. When it is safe to fully operate the farms for therapeutic work, we will be ready, continuing the daily work that builds resilience, responsibility, and confidence.

In moments like these, our mission becomes even clearer. We are not only maintaining activity. We are investing in people. We are strengthening individuals and communities so that they can grow through hardship and emerge stronger. The work we do today is laying the foundation for long term recovery and lasting impact.

Thank you for your constant partnership and for standing with us. Together, we are building resilience that will endure far beyond this moment.

With gratitude,

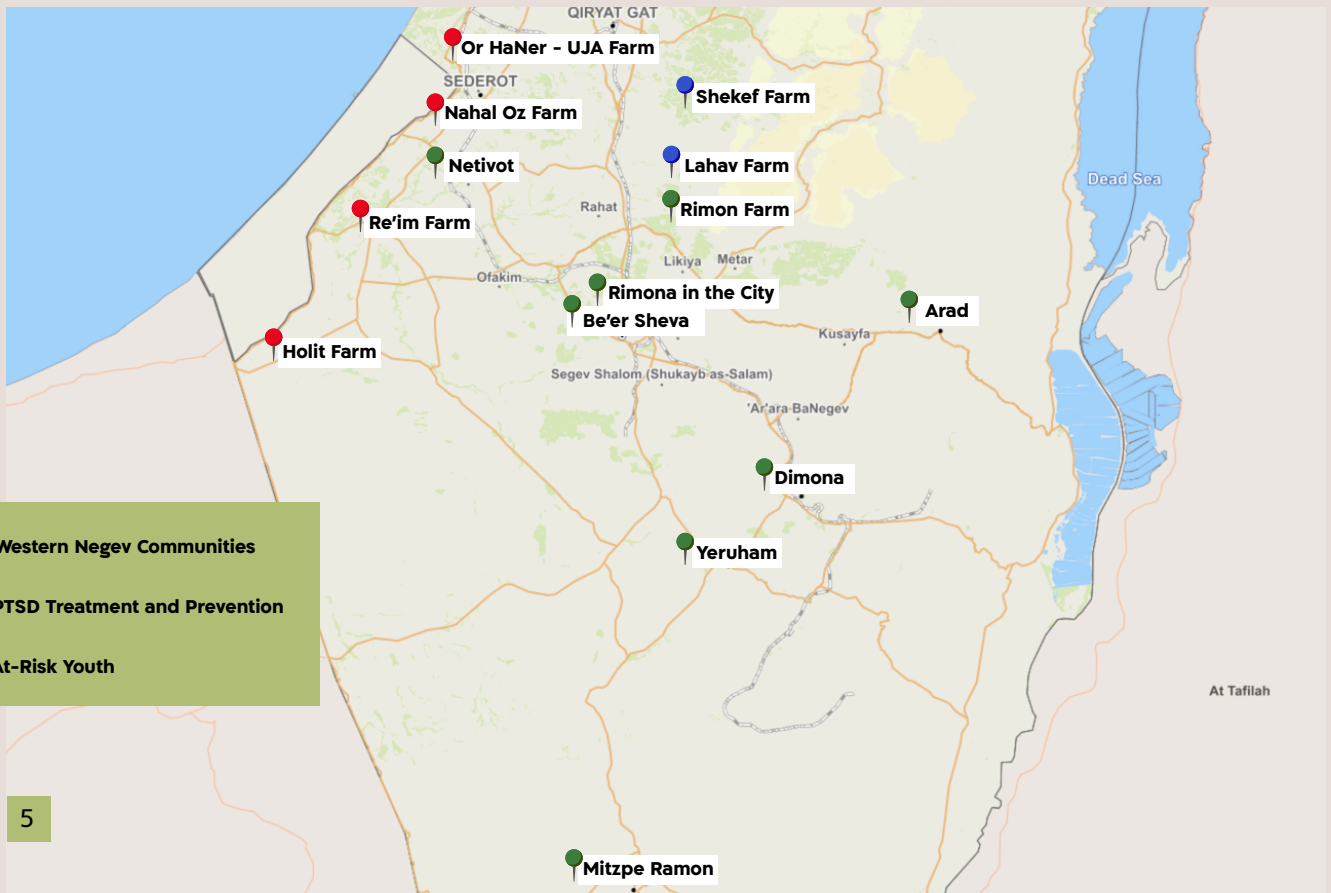

Nir Amitay

Founder and CEO, Rimon Farms

WHO WE ARE

Founded in 2020, Rimon Farms operates a growing network of ecological farms that serve as structured healing environments for at-risk youth, veterans, security personnel, civilians affected by trauma, and trauma care providers themselves. Our model combines meaningful agricultural work with evidence-based therapeutic intervention delivered by highly trained professionals.

EDUCATIONAL, THERAPEUTIC, AND EMPLOYMENT PROGRAMS

Rimon Farm (Northern Negev): Educational and therapeutic employment framework for adolescents aged 14–18 who are disengaged from or at risk of dropping out of the education system.

Lahav Farm in memory of Liran Almosnino ז"ל: Dedicated to PTSD prevention and treatment for IDF veterans, security personnel, and civilians.

Shekef Farm: Focused on second-hand trauma, supporting caregivers including teachers, therapists, and frontline responders, with targeted interventions to prevent burnout and sustain long-term capacity.

Or HaNer-UJA Farm: Serving communities in the Gaza envelope affected by prolonged security threats and the events of October 7. Additional farms are being established near the kibbutzim of Re'im, Holit, and Nahal Oz.

Urban programs extend Rimon Farm's impact beyond the farms, including **Rimona**, a therapeutic coffee shop for at-risk youth in **Beer Sheva**, and an active urban program in **Netivot** that includes specialized programming for Haredi girls. Additional urban programs are currently in planning and development in partnership with KK"ל Planting Together in **Dimona, Arad, Yerucham, Be'er Sheva, and Mitzpe Ramon.**

Agricultural Training and Employment Center: Agricultural training and employment opportunities for residents of the Negev, focusing permaculture and sustainable agriculture, while also serving as an active employer that strengthens the regional economy.

OUR IMPACT

- **4** fully operational farms, and **3** more in development across the Negev.
- **2** urban programs for at-risk youth, and **5** more in development.
- **500+** at-risk youth referred since 2021.
- **10,000+** individuals reached since our establishment.

Strengthening youth through therapeutic journeys and building self-sufficiency

Highlighted Giving Opportunities

Rimon Farm - At-Risk Youth Program

Rimon Farm works with teenagers who are at risk of dropping out of school and are often caught in cycles of risky behavior and instability. Through daily agricultural work, therapeutic spaces, and consistent mentorship, we focus on building self discipline, resilience, and a stronger sense of self worth. Our goal is to support these young people in returning to formal education or moving forward into meaningful next steps such as pre military programs, national service, IDF service, and higher education.

Giving Opportunities:

1. Naming the Entire Farm - \$2,000,000

The donor's name alongside "Rimon Farm" on all media and a prominent entrance sign.

2. Therapeutic Bakery Naming - \$750,000

Naming rights displayed prominently at the bakery and branded on all products produced there.

3. Agricultural Plot Naming (Vineyard, Vegetable Garden, Food Forest, Orchard) - \$225,000

Each plot ranges from 5-15 dunams and serves as part of the educational-therapeutic process. Produce is sold to local communities. Naming displayed at the entrance to each plot.

4. Therapeutic Education Center - \$350,000

A Ministry of Education-recognized learning center enabling students to complete full matriculation. Naming displayed at the entrance and on our website.

5. Workshops & Gathering Complex - \$225,000

A unique hosting space where youth welcome and guide visiting groups, reinforcing dignity and leadership (research-based approach). Naming displayed at entrance.

6. Adopt a Teen - \$30,000 per year

Annual sponsorship covering the full cost of one participant. Recognition on site and on our website.

Lahav & Shekef Farms - Post-Trauma Prevention and Treatment

These two farms serve thousands of civilians and soldiers through a four-pillar model:

- Individual and group psychotherapy
- Agricultural work
- Body-mind workshops (yoga, tai chi, sound healing)
- Community building (shared meals, campfire circles)

Participants attend both residential programs and ongoing day-treatment tracks. We work in partnership with the Ministries of Defense, Welfare, Health, and the National Insurance Institute.

Giving Opportunities:

**1. Naming the Entire Farm -
\$2,000,000**

**2. Processing Complex
(Mongolian Yurts) - \$800,000**

Dedicated spaces for intensive
therapeutic group work.

**3. Therapeutic Sheepfold -
\$250,000**

A newly built facility supporting our
unique therapeutic grazing protocol
developed with clinical
professionals.

**4. Body-Mind Workshop
Spaces - \$150,000 each**

Creative therapeutic spaces for
woodworking, metalwork, music,
art, and group gatherings.

5. Adopt a Treatment Cohort - \$250,000

Naming rights for a 3-6 month therapeutic group of 10-15 participants.
This covers less than half of the actual program cost, with the remainder
funded by government ministries.

Impact data:

- 80% report improved sleep
- 75% improved social/family relationships
- 70% continue into long-term frameworks

Western Negev Healing Farms

Following the return of the last hostages, communities in the Western Negev are beginning the long process of healing and rebuilding. In partnership with regional councils and cities, we are establishing four agricultural therapeutic centers in Or HaNer-UJA, Nahal Oz, Re'im, and Holit - two of which are already in collaboration with UJA-Federation of New York.

Giving Opportunities:

**1. Naming the Entire Farm -
\$2,000,000**

**2. Therapeutic Cattle Herd -
\$375,000**

A large herd spanning approximately 3,000 acres, providing proven animal-assisted therapy.

**3. Workshop & Healing
Complex - \$150,000**

Inspiring therapeutic spaces with yurts, lawns, and wooden decks.

**4. Therapeutic Agricultural
Plots - \$150,000**

**6. Adopt a Community -
\$150,000**

Sponsorship of therapeutic programming for children, youth, adults, and seniors within one community.

**7. Animal-Assisted Therapy
Complex - \$250,000**

Facilities for therapy involving horses, donkeys, and livestock.

**5. Tractor & Agricultural
Equipment - \$225,000**

Critical operational tools enabling therapeutic agricultural work.

Urban Therapeutic Centers - Southern Cities

We are currently establishing urban therapeutic centers in Netivot, Be'er Sheva, Arad, Yeruham, Dimona, and Mitzpe Ramon. These centers provide long-term (several months to three years) emotional and vocational rehabilitation for at-risk youth.

In Be'er Sheva, we already operate a social café selling farm products and run by youth in our programs. Future centers will include carpentry workshops, bakeries, vegetable gardens, and more.

Giving Opportunities:

- Naming an Urban Center - \$500,000
- Adopt a Teen - \$30,000 per year

INFRASTRUCTURE

Every new facility, renovated space, and upgraded resource is a step toward a brighter future for the youth and communities we serve. As Rimon Farms expands, these projects create the foundation for life-changing programs and lasting impact. Your support turns our vision into reality, helping us grow stronger and reach more young people across the Negev.

Project / Farm	Description	Amount (USD)
Lahav Farm	Yurts for hosting soldiers	30,000 per yurt
Rimon Farm	Full kitchen renovation	50,000
Shekef Farm	Advanced agricultural equipment	125,000
Rimona in the City	Renovation, expansion, and equipment	150,000
Or HaNer - UJA Farm	Completion of farm establishment	700,000
Nahal Oz Farm	Remaining needs	1,000,000
Holit Farm	Remaining needs	1,000,000
Renovation of Youth Centers in Southern Cities	Renovation per site	150,000 per location

OUR VISION FORWARD

Rimon Farms' vision begins with the individual and with the land beneath their feet. We believe that healing from trauma takes place not only through words, but through doing - through steady work and a daily rhythm anchored in place. By bringing together agricultural practice and professional therapeutic care, we create space for people to regain stability and rediscover purpose.

OUR PARTNERS

Thanks to the support of Jewish communities around the world, government agencies, municipalities, foundations, private companies, and community partners, Rimon Farms continues to expand its impact and strengthen communities across the Negev.

Together, your partnership enables us to reach thousands of people, connect them to the land, and build lasting resilience.

PERSONAL STORIES

Courage to Reconnect

After experiencing intense combat and fighting during the Iron Swords War, "A" faced significant emotional and psychological challenges that affected her daily life. She entered intensive therapy at Lahav Farm and began the work of rebuilding with steady support and structure. Through consistent care, group connection, and personal determination, she gradually regained stability and confidence. Today, she is reengaged in life and serves as a mentor, using her experience to support and encourage others.

Pathway to Renewal

"S" joined the therapeutic program at Lahav Farm, beginning a process of growth and rebuilding. After completing the program, he chose to continue by working in Rimon Farm's therapeutic bakery. Today, he serves as a mentor to at-risk youth in the bakery, contributing through his work and supporting others on their own paths forward.
