Do we see each other in October?

Three years ago, Hamas's massacre on October 7, 2023, changed the world for many people. While hatred of Jews was fueled and flares up on the one hand, there were others who, from that day on, made it their mission to be a voice for Israel and to stand by those affected in Israel. So did we.

In October 2026, there are many opportunities for friends of Israel to make their solidarity visible at enriching events.

Here we name a few where we will also be present.

We look forward to meeting you there.

Shalom, Chaya and Harald
